Subject: Drums for Peace (19 March 2027): Invitation for primary schools in Taïwan, Republic of China
Your Excellency,

We extend our most cordial greetings.

We are writing to you today to inform you of the international initiative « Drums for Peace », held under the historical patronage of UNESCO.

On 19 March 2027, from 11:00 to 12:00, primary school children around the world are invited to come together under the theme: "Please, draw me your Peace?". The aim is to give students the opportunity to express themselves symbolically (through songs, poems, creating a giant mural, etc.) in their schools or public squares.

Coordinated by our association and supported by the Ministry of Education of the Wallonia-Brussels Federation, this project has attracted participants from many countries worldwide (such as Spain, Portugal, Morocco, the DRC, or China).

To enable the children of Taïwan, Republic of China to participate in this global movement, could you please forward this invitation to your Ministry of Education and the school networks in your country?

You can find an overview of previous editions on our website, including photo and video highlights from the 2025 and 2026 editions. We remain at your full disposal for any further information and would like to thank you warmly for your valuable support.

Please accept, Your Excellency, the assurances of our highest consideration.

Myriam Delvenne et André Frisaye
Co-facilitateurs du Pôle Créatif Liégeois – Drums for Peace
Rue Bois de Mont 174, B-4101 Seraing (Belgique)
